RAIL-ROAD STOVE!

IN offering this truly elegant and durable new Stove to the public we feel confident we are offering as good a Stove as has ever been introduced into this market. We do not claim perfection for it but we are confident it has no superior in this or any other market either in durability of material beauty of design economy in fuel or convenience in construction. The Castings are smooth and heavy and are all warranted. The conveniences for Boiling and Baking are excellent and for Broiling it surpasses any thing we have ever seen,—carrying off all the smoke and steam.

We manufacture them in this city and can furnish any pieces at any time, thereby saving the time and expense of procuring them from abroad.

Please call and examine them before purchasing.

—ALSO—

A great variety of other Stoves such as the GRANITE STATE the BAY STATE improved the Constitution The FORREST QUEEN &c &c Also—all kinds of Elevated Oven Cook Stoves

—ALSO—

Franklin Cylinder Box Sheet and Cast Iron Air Tight STOVES; Store Pipe, Zinc Chain and Cast Iron PUMPS, Sheet Lead, &c &c All the above articles will be sold at as low prices as the same quality of goods can be bought at any other Store in the city

BANGOR AIR-TIGHT COOKING STOVE!

THE best Cook Stove ever introduced to this or any other people.

Having secured the sole agency of this very desirable Stove I take great pleasure in offering it to my customers and the public. This Stove was invented expressly for this eastern market, by those experienced and expert Stove manufacturers Messrs Bates & Whittier who know, and have appreciated the wants of this enlightened people. It is now offered to the public with the fullest confidence in its merits and its superiority over every other Cooking apparatus ever introduced. Its conveniences for Baking, Broiling, Frying, &c are not surpassed, and its extensive and beautiful Oven for Baking and Roasting will at once recommend itself to the ladies. One very important feature is it has very stout and smooth castings and being manufactured in this city can at all times be repaired if ever necessary at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island or elsewhere. Every Stove is warranted one year and does not giving entire satisfaction may be returned and the money will be refunded after 30 days trial.

—ALSO—

A great variety of other patterns of common Stoves such as the Our State, Bay State, Empire State, Granite State, State of Maine, &c, All or any of which will be sold at extremely low prices.

Elevated Oven Stoves—Hampden 3 and 4 Holes and two Oven—Boston two oven Stoves Forrest Queen &c—and that very beautiful pattern of Cottage Parlor Cook Stove and in fact every variety of Stove for Cooking or warming, worthy of notice can be found at the Central Street Store and Furnace Depot.

CULVER'S COAL FURNACE

Is acknowledged to be the very best Furnace for Coal ever introduced.

PROUTY & MEAR'S WOOD FURNACE!

Manufactured entirely of Cast Iron is the most durable and economical Wood Furnace to be had.

—ALSO—

...on hand a Kennebec Wood Furnace of which I let the past season 10 or 12 and they have all given entire satisfaction. From six to eight cords of dry hard wood is sufficient to warm any ordinary sized dwelling house.

Any of the above Furnaces set in the best and most approved manner at short notice.

FARMERS'
CHERRY PECTORAL

For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AND FOR THE RELIEF OF PATIENTS IN ADVANCED STAGES OF CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded this has gained friends by every trial conferred benefits on the afflicted they can never forget and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud upon the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only a general thing but almost invariably cure the maladies for which it is employed.

As time imparts these facts wider and better known this medicine has gradually become the best reliance of the afflicted from the log cabin of the American peasant to the palaces of European kings. Throughout this entire country in every State city and indeed almost every hamlet it is called *Cherry Pectoral* as known as the best remedy extant for diseases of the throat and lungs—and in many foreign countries it is coming to be extensively used by their most intelligent Physicians. In Great Britain France and Germany where the medical sciences have reached their highest perfection *Cherry Pectoral* is introduced and in constant use in the Armies Hospitals Alms Houses, Public Institutions, and in domestic practice as the surest remedy their attending Physicians can employ for the more dangerous affections of lungs. Also in milder cases and for children it is safe, pleasant, and effectual. In fact some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incident to childhood.

The *Cherry Pectoral* is manufactured by a practical Chemist and every bottle of it under his own eye with invariable accuracy and care. It is sealed and protected by law from counterfeits consequently can be relied on as genuine without a fair trial.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy whose safe speedy and certain effects which have long regulated a countless host proved itself to be worthy of trust by great care in preparing it with chemical accuracy of uniform strength to afford Physicians a new agent on which they can rely for the best results and the afflicted with a remedy that will do for them all that medicine can do.

THE CHEAP REMEDY FOR
Coughs, Colds and Consumptions.

The *VEGETABLE PULMONARY BALSAM* is probably without a parallel in having during a period of more than *Twenty-five years* fully maintained the high reputation which it has uniformly received in CONSUMPTIVE COMPLAINTS and all DISEASES of the LUNGS THROAT and CHEST. It has been used with probably greater success than any other article known and Physicians who have had an opportunity of witnessing its highly salutary effects, recommend it as safe and very efficacious as any medicine equal if not superior to any other prescription for the above complaints within their knowledge. The basis of this Medicine was a private recipe of a distinguished Physician in one of the neighboring states, and was preserved by an individual to whom it gave the most astonishing relief. It is composed of vegetables, and if used according to directions must be perfectly safe.

From Messrs Allen & Co Merchants, Cincinnati.—Those persons who have used the Vegetable Pulmonary Balsam uniformly speak of it as a valuable cure and from the quantity sold notwithstanding the numerous other preparations used for similar complaints, we consider it first on the list.

Respectfully &c,
ALLEN & CO

The Editor of the *Seneca Falls Courier* says.—We have had occasion in witnessing the good effects of the Vegetable Pulmonary Balsam in our family in case of a young lady who has been entirely cured of Consumption by the use of it and also in several coughs and colds and cheerfully bear testimony to its being a safe convenient and very efficacious medicine in cases of this description.—Ed Courier.

A Clergyman from Philadelphia writes that he has been in the habit of using the Vegetable Pulmonary Balsam for himself and family, for the last thirteen years and also of recommending it to his friends and considers it an invaluable remedy for all pulmonary complaints.

For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate cough and other affections of the lungs. I would therefore confidently recommend its use in all complaints of the chest, as being equal if not superior to any other medicine within my knowledge.

PATENTS.
American and Foreign Office

AGENCY FOR BUSINESS
WITH U. S. PATENT OFFICE,
WASHINGTON
No. 22 State Street, Boston

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U S Patent Office in accordance with the 10th Sec of Act of '37.

Having relinquished the Agency for the transaction of Models and adopted a more expeditious mode of sending them to the Patent Office *where by a clerk may be procured about six weeks earlier* the continues to forward them free of expense—to prepare Caveats Specifications, Assignements and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as the personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them; *matters in regard of paramount importance in order to obtain perfect specifications and claims.* The experience of sixteen year's practice, an extensive collection of rare works decisions &c on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established together with accounts here kept of inventions patented at Washington, enable the subscriber to afford inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment.

R H EDDY Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R H EDDY Esq of Boston did business at the Patent Office as Solicitor for procuring Patents. There were few if any persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. Home is Where There's One to Love Us.

Home is not merely four square walls,
Though with pictures hung and gilded,
Home is where affection calls,
Filled with smiles as the heart hath builded!
Home!—go watch the faithful dove
Sailing neath the heaven above us—
Home is where there's one to love us.

Home is not merely roof and room,
It needs something to endear it,
Home is where the heart can bloom,
Where there's some kind lip to cheer it;
What is home with none to meet?
None to welcome, none to greet us?
Home is sweet, and only sweet,
Where there's one we love to meet us!

THE LITTLE OUTCAST

BY MRS DENISON

"Mayn't I stay, ma am? I'll do anything you give me—cut wood, go after water and do all your errands."

The troubled eyes of the speaker were filled with tears. It was a child that stood at the outer door pleading with a kindly looking woman who still seemed to doubt the reality of his good intentions.

The cottage sat by itself on a black moor or what in Scotland would have been called such. The time was near the latter end of September and a fierce wind rattled the boughs of the two only naked trees near the house and filled with a shivering sound into the narrow doorway as if seeking for warmth at the blazing fire within.

Now and then a snow flake touched with its soft chill the cheek of the listener or whitened the angry redness of the poor boy's benumbed hands.

The woman was evidently loth to grant the boy's request; and the peculiar look stamped upon his features, would have suggested to any mind an idea of depravity far beyond his years.

But her woman's heart could not resist the sorrow in these large but by no means handsome grey eyes.

"Come on at any rate till the good man comes home; there, sit down by the fire; you look perishing with cold" and she drew a rude chair up to the warmest corner then suspiciously glancing at the child from the corners of her eyes, she continued setting the table for supper.

Presently came the tramp of heavy shoes, the door was swung open with a quick jerk, and the good man presented himself wearied with labor.

A look of intelligence passed between his wife and himself he discerned the boy a face with an expression not convincing satisfaction, but nevertheless made him come to the table, and then enjoyed the zest with which he dispatched his supper.

Day after day passed, and the boy begged to to be kept only till to-morrow so the good couple, after due consideration concluded that as long as he was so docile and worked so heartily they would retain him.

One day in the middle of winter, a pedler, long accustomed to trade at the cottage made his appearance, and disposed of his goods readily, as if he had been wanted for.

"You have a boy out here splitting wood, I see," he said pointing to the yard.

"Yes do you know him?"

"I have seen him, replied the pedler, evasively."

"And where—who is he what is he"

"A jail bird, and the pedlar swung his pack over his shoulder "that boy yonder as he looks I was in court myself and heard his sentence—ten months, she's a hard one You'd do well to look keenly after him."

Oh there was something so horrible in the word jail—the poor mother trembled as she laid away her purchases and could she be easy till she called the boy and assured him that she knew that dark part of his history.

Astonished at her distress the child hung down his head his cheeks seemed bursting with hot blood, his lips quivered and anguish was painted as vividly upon his forehead as if the words were branded into the flesh.

Well he muttered his whole frame relaxing as if a burden of guilt or joy had suddenly rolled off "I may as well go to ruin at once—there's no use in my trying to do better—everybody hates and despises me—nobody cares about me—I may as well go to ruin at once."

"Tell me said the woman who stood off for enough for fright if that should be necessary—how can you to go so young to that dreadful place? Where was your mother—where?"

Oh exclaimed the boy with a burst of grief that was terrible to behold "oh! I haint had any mother ever since I was a babe If I'd only had a mother he continued, his anguish growing vehement and the tears gushing out from his strange looking gray eyes.—I would not have been bound out and kicked and cuffed and laid on to with whips I wouldn't a been stuck and got knocked down and ran away, and then stole because I was hungry—Oh I haint got no mother—I haint got no mother—I haven't had no mother since I was a baby."

The strength was all gone from the poor boy and he sank on his knees sobbing great choking sobs and rubbing the hot tears away with his poor knuckles. And did that woman stand there unmoved? Did she coldly bid him pack up and be off—the jail bird?

"No—no she had been a mother and though all her children slept under the cold sod in the church yard—she was a mother still.

She went up to that poor boy, not to hasten him away, but to lay her fingers kindly, softly on his head—tell him to look up, and from henceforth find in her a mother. Yes, she even put her arm about the neck of that forsaken, deserted child—she poured from her mother's heart sweet, womanly words of counsel and tenderness.

Oh! how sweet was her sleep that night, how soft her pillow! She had linked a poor suffering heart to hers by the most silken, the strongest bands of love, she had plucked some thorns from the path of a little, sinning, but striving mortal. Non but the angels could witness her holy joy and not envy.

Did the boy leave her?

Never—he is with her still, a vigorous, manly, promising youth. The low character of his utterance has given place to an open, pleasing expression, with depth enough to make it an interesting study. His foster father is dead, his good foster mother aged and sickly, but she knows no want. The once poor outcast is her only dependance, and nobly does he repay the trust.

"He that saveth a soul from death, hideth a multitude of sins." [Olive Branch.

There is nothing in honor or fame or worldly fortune, which is not vanity when the time of death approaches—nothing real, nothing substantial, nothing worth having, but the hope of God's pardon, and the consolation of His religion. [Henry Clay.

☞ SEE FIRST PAGE. ☜

☞ A number of workmen were engaged on Monday in the removal of human remains from the burial ground on Main street, preparatory to the sale of the lot for railroad purposes.—Some of the remains will remain where they at last, as they have endured there for nearly the fate of grave yards in Bangor [illegible] eventful one. No [illegible] shown for the removal of the dead, but they have been jostled about to suit the convenience of the passing hour. [illegible] series was unfortunate for the present [illegible] city, but their frequent removal can hardly be regretted even on the score of money, for the beautiful lot near the Penobscot Bridge was rendered lovely without consideration.

It seems but just and right as well as beautifully appropriate that the fund which shall be realized from the sale of the Main street burial ground should be expended in protecting and [illegible] ornamental trees and shrubbery [illegible] margins of the avenues at Mount Hope Cemetery! This is but an act of [illegible] justice to the public, and to those whose [illegible] have been incarcerated by so frequently [illegible] upon to find a resting place for the [illegible] of their loved dead. But Mount Hope Cemetery itself, it is rumored, is to be opened [illegible] for the passage of a railroad, in order to [illegible] company the amount of money which [illegible] cost extra, to go on the bank of the river instead of passing through the Cemetery. The people here generally seem to care very little about the dead, if we may judge from the manner in which they have conducted with the [illegible] heretofore appropriated to the burial of the dead. Did the people of Bangor live in Boston, those ancient and sacred burial places would be torn up—a premature resurrection would take place, and the land be sold for accommodation of trade!

Mount Hope has been consecrated by religious ceremonies. It was selected at a distance from the city in order that it might not be disturbed, but held as against all growth of the city, all claims of business, all considerations of money, sacred as the deposit—the earthly remains of the loved dead—"God's Acre" as Longfellow says, which no man should despoil:

"Ye the ancient Saxon phrase, which calls
The burial-ground God's Acre! It is just;
It consecrates each grave within its walls,
And breathes a benison o'er the sleeping dust."

Acre! Yes, that blessed name imports
Comfort to those, who in the grave have sown
The seed, that they had garnered in their hearts,
Their harvest of life, alas! no more their own!

Into its furrows shall we all be cast,
In the sure faith, that we shall rise again
At the great harvest, when the archangels' blast
Shall winnow, like a fan, the chaff and grain.

Then shall the good stand in immortal bloom,
In the fair gardens of that second birth;
And each bright blossom, mingle its perfume
With that of flowers, which never bloomed on earth.

With the rude ploughshare, Death, turn up the soil,
And spread the furrow for the seed we sow;
This is the field and acre of our God,
This is the place, where human harvests grow!

Under the impression of its permanency, made by the assurances of the proprietors and of the city, the citizens of Bangor have done so much to make Mount Hope, and are beginning at last to entertain some respect for the resting place of the earthly remains of their loved departed, that the familiar sight of human remains on the land, has begun to pass away, and we had hoped it would finally end in Bangor, but the [illegible] proposition comes in to overturn the whole, and to bring sickness to the heart. And this is but a question of money—nothing else. The amount we do not know, and to [illegible] on this point, we do not care.

We wish to see, are extremely happy to see improvements going on in our city, and would do willingly and untiringly do anything to promote such improvements, but we may be pardoned for the feeling we have against the beautiful Cemetery of Mount Hope being disturbed. We have there a garden of graves containing the remains of the wife of our youth, and of our dear loved offspring.

☞ The Boston Journal reports that capital continues in abundant supply with interest rates about the same as given at the close of last week. Choice paper and first class stock names pass easily at 6 per cent and between this and 7 the great bulk of all money transactions are included though in exceptional cases the range extends to 8, 9 and 10 per cent. The bank loans are kept well up to legal limits, and applications for discount are nearly or quite sufficient to absorb all their resources.

The current of investment is now turning strongly towards Factory Stocks, which are beginning to hold out brilliant prospects in the way of dividends. A very important change in several branches of the manufacturing business has been going on during the last six months. The demand for domestic goods has increased greatly, and prices have advanced sufficiently to yield handsome profits. This fact, which is beginning to be realized in the community, furnishes a key to the present movements in factory shares. The truth is, that a large majority of our manufacturing stocks are now selling at prices much below their real value, as can be easily demonstrated by reference to facts and figures.

First class Railway shares are in fair request and tending to better quotations. Maine, Worcester, Fitchburg, Fall River, and Michigan Central have advanced from 1 to 2 per cent in the past week, and close very firm.

☞ The Capital and Resources of the Government of Mexico continue to be in a state of general excitement. The most orderly of the Provinces seem to be but one step removed from revolution, while the central power is forever striving to and fro, like a raging sea.

☞ The Hon. Rufus Choate is to deliver his introductory lecture before the New York Historical Society in December next.

☞ During the present month our citizens will have the pleasure and benefit to be derived from Gas Lights in their stores and dwellings. It will be a new era in our city, for which ample preparation should be made by our citizens, in order that there may be no delay in the letting on of the gas at the earliest period. We would refer all who are not led prepared for the reception of the new light, to the notice in our columns of the Gas Light Fixture Company. This company do their work in admirable style, and with great fidelity and promptness.

☞ The proprietors of the Seven Mile Mirror, yesterday afternoon gave a free exhibition to all persons invited by the City Missionary. This assembly was highly gratified and probably a great many persons had an opportunity to see this beautiful painting, who without this liberal offer on the part of Mr. Pennam and his associate, might never have been thus gratified. The Mirror will be exhibited this afternoon and evening and every evening this week.

☞ The New York *Times* and the New York *Sun* both pretty strongly tinctured with the love of acquisition of territory as the highest national glory, are very severe upon the course of our Government in regard to Cuba, and both expect that a war will arise with Spain, on account of Cuba, when the reins shall be taken by Gen. Pierce in March next.

☞ The annual message of the Governor of South Carolina, alludes to the proceedings of the British Consul, relative to the imprisonment of blacks arriving in the ports of that State in British ships. Self-respect, the Governor says, demands that not a jot or tittle of the law should be abated.

☞ The English papers state that the Queen will not accept two and a half millions of dollars, bequeathed to her by a wealthy and eccentric old lady, named Wells, who died about three months ago, but will cause it to be divided among the heirs of the testator, who are distant relatives.

☞ The up-turning and rebuilding of a dry bridge at South Dedham, a few days since, four bank note plates were found of Wiscasset and other old dead banks in Maine, which are supposed to have been there some thirty or forty years. They were probably placed there by bank robbers or counterfeiters.

☞ A London paper states that "fifty eight more persons have renounced Popery in St. Paul's, Bermondsey, since the last published account, namely, 15th September last. Several of these last converts were well educated persons."

☞ The Village of Nashville, Tennessee, have presented the editor of the Banner—General Zollicoffer—with a fine silver tea set, in acknowledgment of his services as a staunch advocate of Whig principles.

California News.

The political excitement in California runs high. In San Francisco the two parties are split to pieces. Six separate tickets are in the field for city and county officers. The Free Soilers assembled in State Convention and nominated an electoral ticket for Hale and Julian. Several vessels were chartered in San Francisco for the guano trade shortly after the appearance of Mr. Webster's letter, claiming the rights of the Americans to take guano, but their destination has since been changed.

A number of gentlemen formed an association under the name of the American Russian Commercial Company, for the purpose of furnishing ice for the various ports on the coast and throughout the Pacific. The brig Consort had been despatched for the first cargo.

Shipments of specie during October amounted to $3,679,050.

The rainy season had commenced.

A convention of miners was held on the 7th at Wood's Creek. A committee was appointed to notify all foreigners to leave that vicinity before the 25th.

A large number of ships, long due, have arrived within the last fortnight. Their stocks are fast relieving the exhausted market.

The production of the gold mines were steadily increasing. Nearly all mining policies are doing remarkably well. A lump weighing nearly ten pounds had been found at Mad Ox. A company on Mercer had taken out $2600 daily for fourteen consecutive days.

The miners at Jacksonville had expelled some Chinese laborers from their diggings.

The U. S. surveying schooner Bulldoze, with a party under R. D. Cutts, had arrived on the 21st, from Columbia River, with dates from Oregon to Oct. 24.

The overland emigrants continued to arrive, nearly all in distress.

From St. Domingo.

NEW YORK, Nov. 29.

Dates from St. Domingo City to the 5th inst. have been received. Fever was prevailing there to an alarming extent. Numerous deaths had occurred. A merchant named Daubo, recently from Boston, died in this city on the 30th ult. Benj. Henricks, of Portland, was wrecked on the 20th of October, and went to pieces. The vessel was in charge of a pilot at the time of the accident. Capt. Sturtevant, late of brig Henricks, has arrived here. He reports having lost two men of yellow fever. Also the mate and cook at St. Domingo City.

GOLD IN THE MELBOURNE DISTRICT.—The correspondent of the London Times, writing from Melbourne, Australia, says:

"One circumstance is not, perhaps altogether unbearing of peace. Earth is now at Melbourne a large quantity of gold, which was sent from the diggings by escort, and which has never been claimed. The amount is stated at eight tons, and these eight tons of gold are watched and warded by a regiment and a half of men."

The city of Mexico suffers from an epidemic very sharply. The population is very numerous. It is a very sight to see any person out.

IMPORTANT FROM WASHINGTON.

The Crescent City Affair.

LETTER OF THE PRESIDENT.

The Marine withdrawn from the Crescent City Line!

WASHINGTON, Nov. 27.

The Republic has received the consent of the President to publish the following private letter:

WASHINGTON, Nov. 12, 1852.

HUGH MAXWELL, Esq.—*Dear Sir*: Your note of yesterday came to hand this morning, in which you state, from a conversation you have had with Mr. Law, you learned that the Crescent City will go to Cuba, and enter the port of Havana in defiance of the Spanish authorities, and if fired upon she will be surrendered, and then he and others will immediately commence hostilities against the island. You say, also, that he desires to know whether he is right in persisting in the pursuit of his lawful business, and that if the Government shall tell him he must not go. If, however, the Government says nothing against his going, he will infer he has the right to go. But in regard to the letter, permit me to say that in the first place, I do not admit the right of Law, or any other citizen, to threaten war on his own account for the purpose of seeking redress for real or imaginary injuries and then to call upon the Government to say whether it approves or disapproves of such conduct, and assume its approbation unless the act is forbidden. The Constitution of the United States has vested in Congress alone, the power of declaring war, and neither the Executive branch of Government nor Mr. Law, has any right to usurp that power by commencing war without its authority, and if he shall attempt it, it will be my duty, as it is my determination, to exert all the power confided to the Executive Government by the Constitution and laws to prevent it. I am resolved at every hazard to maintain our rights in this controversy against Spain, and I am equally resolved that no act of our own citizens shall be permitted to place this Government in the wrong.

Mr. Law has an undoubted right to pursue his lawful business, but when a question is raised between this Government and a foreign nation, as to whether the business he pursues is lawful, or phrased in a lawful manner, the decision of that question belongs to the two Governments, and not to him. If his object be to assert his right to enter the port of Havana with such persons as he may choose, to settle in defiance of the laws and Government of Spain, he has certainly done enough to present that question for the decision of the Governments of Spain and the United States, and negotiations have been already commenced, and our rights, as we understand them, have been asserted, and as I said before, will be maintained; but the acts of this Government cannot be controlled by the interference of any individual, and it is entirely unnecessary that Mr. Law should repeat these attempts for the purpose of settling this controversy, and if he wilfully does so, and, in so doing, violates the laws of a foreign nation within its jurisdiction, and thereby loses or forfeits his vessel, he can expect no indemnity for such action from this Government. We regulate the terms and conditions upon which all foreign vessels shall enter our ports, and we fix upon them for a violation of laws, and the right to do so we shall never suffer to be questioned by foreigners, and we do not question their right to do the same thing. He must wait the result of the negotiations between the two Governments. This is a question not to be settled between him and Cuba, nor even between the U. States and Cuba, but between the United States and Spain, which latter Government is alone responsible for the conduct of the Governor of Cuba.

You are at liberty to make known the contents of this letter to Mr. Law, and inform him that, as a good citizen, I presume he will not attempt any violation of our neutrality laws, by attacking Cuba. I am truly yours,

MILLARD FILLMORE.

The *Republic*, commenting on this letter, says, that Mr. Law, on being apprised of its contents, replied, that his intentions in relinquishing making war upon Cuba had been misunderstood. The *Republic* also announces that Lieut. Davenport has been relieved, and that no other officer of the Navy will be permitted to enter the service of the Company, so long as its managers adhere to their present practice of converting the visits of their steamers to Havana into a source of annoyance to the Spanish officials.

With a view of preventing a repetition of the injury which the failure to deliver the mails at Havana inflicts on the mercantile interest, the Postmaster General has directed that the mails shall not be again dispatched in the *Crescent City*, nor any other of the Company's steamers, which may have Purser Smith on board, but will be sent by the steamer *Isabel* from Charleston. Therefore, if Mr. Law chooses to retain Mr. Smith, his steamers will be stripped of their official character and patronage, having no pretence to claim immunities or consideration as a cargo of Government. The Administration is resolved to fulfil the obligations which it owes to the citizens of the United States, as well as to the Government of Spain and, to the extent of its power, to crush every attempt to compromise the peace existing between the two countries, whether the attempt is made by a Lopez expedition, or is disguised under the pretence of lawful business, as in the case of the *Crescent City*.

ST. LOUIS, Nov. 20.

We learn from Keokuk that eighteen inches of snow has fallen in that vicinity. There was a good deal of floating ice and the river was falling very fast. Ice was also floating opposite the river yesterday.

U. S. Commissioner Bartlett, accompanied by the Mexican Commissioner, has gone on an expedition to the lower Rio Grande.

INDIAN DEPREDATIONS. An extensive grocery in this city received by the Pacific, an invoice of the very first quality of Irish rose butter, costing in Cork 80 shillings the hundred, and 84 shillings in Liverpool. Large orders, we learn, have gone out since then, and the prospect now is that Ireland will during the current winter, make us some return for the relief so opportunely sent her in the days of her distress in 1847.—New York Post.

If you ever expect to be happy think, keep moving. Indolent and slow people now-a-days stand no chance in life. Make a beginning. There is, first the battle. A beginning begun, you will begin to forget the slothfulness of your, and with hope in one hand, perseverance in the other, success is sure to follow. Your wake as night the day. If any body, in this world looks contemptible it is your stand still gentleman. He is a plague to himself and a nuisance to the community. Give us a real tearing fellow before a real steady one. The first will have his breakfast before the latter gets his eyes open. Keep moving.

Hon. Charles G. Atherton was elected Senator in the Congress of the United States, for six years from [illegible] of March next, on Thursday. He is a native of Amherst and [illegible] Gen. Pierce.

EVERY FAMILY should at once procure a bottle of the great Arabian remedy for man and beast, called H. G. FARRELL'S ARABIAN LINIMENT. It stays the most intense pain in a few minutes, reduces the inflamed flesh upon water, and thus cures the worst burns, restores the flesh to its bloom, relaxes contracted cords, cures rheumatism and palsied limbs of twenty years standing, also tumors, swelled neck, enlargement of the glands, and is the best medicine for ailments of cattle ever discovered, curing sweeny, quinsy, splint, and all diseases which require an external application.

Sure Pain of 10 years' standing cured by H. G. Farrell's Arabian Liniment.

Mr. H. G. Farrell—Dear Sir: I had been afflicted with the "pain pain" for the last ten years, and could never get relief except by bleeding, but by the use of H. G. Farrell's Arabian Liniment, applied over the complex about three or four times a day, it has entirely removed, and I have felt nothing of it since. I want you to do the same for me, if apply it to a horse's sore leg, and being very lame he stumbled and fell against my leg, bruising and bruising them so badly that they turned black as my hat, rendering me powerless. I applied your Liniment, but was well enough in 5 days to go about again as usual. I also crushed my finger in a shocking manner, by letting a beam fall upon it, your Liniment soon healed it up, though.

JOHN B. MOORE.

La Salle precinct, Peoria co, Ill., Feb. 9, 1852.

Sing Pain of 10 years' standing cured by H. G. Farrell's Arabian Liniment.

Mr. H. G. Farrell—Dear Sir: I have been afflicted with bad sores here, which every other remedy had failed to heal, and was a white swelling and contracted cords in the leg of a boy of five years old. The leg had shrunk up very and was so contracted that he had no use of it. Three doctors had tried their skill upon it in vain, and he was fast sinking to the grave, when the boy's father was induced to try H. G. Farrell's Arabian Liniment. Before the first bottle was used up he came to Mr. B's store, and the first words he said were, "Mr Barker I want all that Liniment you can give the store, the one bottle I got did my boy more good than all the doctors ever did before." That boy is now well as a hearty, and has the use of his leg. It is good for sprains, bruises, cuts, burns, and swellings.

LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because the having the name of Farrell, it will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the injurious mixture has wrought its effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and when sale disposed. No 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letter H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrappers, all others are counterfeits.

Sold by GRAHAM & FULLER, wholesale and retail, Bangor. Also by H. S. Kimball, Orono. Fletcher & Hamilton, Dexter. Ried, Parker, Ellsworth. P. O. Flaherty, Houlton. And by regularly authorized Agents throughout the United States.

Price 25 and 50 cents, and $1 per bottle.

AGENTS WANTED to travel to every village and town not in the United States, in which one is not already established. Address H. G. Farrell as above, accompanied with good references as to character, responsibility, &c.

JAMES FREDERICK FOSTER, MANUFACTURER OF

Ratchet and Spiral Trusses,

Washington Street, 467, BOSTON.

All the various approved trusses constantly for sale. Ladies wanted only Mrs Dunton to FOSTER, who has had twenty years experience in the business.

Strangers in the city will please take notice the numbers and the even numbers are on opposite sides of the street, the odd being opposite the Author's residence 467, where he will keep a full supply of Ready Made Trusses for Gentlemen and Ladies, Youths and Infants. Abdominal Supports of five or six different kinds and such as Dr. Chapin's Spinal, Cutter's, Parker's, Dyott's &c &c.

☞ Ladies wanted upon by Mrs Caroline Dunton at the above place

The following certificate from Dr John C Warren of Boston, was given 16 years since but still applicable:

Boston, January 7, 1836

I long had occasion to observe that some persons afflicted with Hernia have suffered much from the want of a skillful workman in adjusting Trusses to the purposes for which they are intended. I have taken pains to inform the self of the competence of Mr J F Foster, to supply the deficiency occasioned by the death of Mr Lynch. After some opportunity of observation I have satisfied myself that Mr Foster is well acquainted with the manufacture of these instruments and is ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to these important articles

JOHN C WARREN, M D, Boston

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary

The undersigned having occasion to employ Mr J Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints Mr Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpasses (as far as our experience goes) any other manufacturer of the article

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr J C Warren, are sufficient certainty for all who may favor Mr F, that his instruments will give entire satisfaction, and he will certainly fill all reasonable demands for an equitable compensation

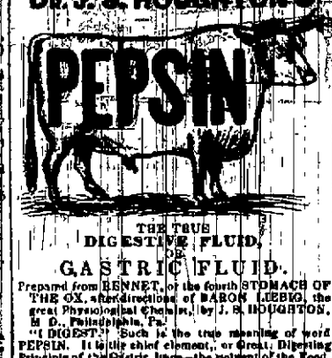
ANOTHER SCIENTIFIC WONDER!

GREAT CURE FOR

DYSPEPSIA

Dr. J. S. HOUGHTON'S



THE TRUE DIGESTIVE FLUID, OR GASTRIC FLUID.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M D., Philadelphia, Pa.

"DIGEST!" Such is the true meaning of word PEPSIN. It is the chief element, or Great Dissolving Principle of the Gastric Juice—the solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach; No art of man can equal its curative powers. It contains no ALCOHOL, BITTERS, ACIDS or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Half a teaspoonful of Pepsin infused in water will digest or dissolve Five Pounds of Roast Beef in about three hours, out of the Stomach.

SCIENTIFIC EVIDENCE.

☞ The Scientific Evidence upon which this remedy is based is the highest degree Curious and Remarkable. Call on the Agent and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence, from Liebig's Animal Chemistry; Dr Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr. John W. Draper, of New York University; Prof. Dunglison's Physiology; Prof. Silliman, of Yale College; Dr. Carpenter's Physiology, &c., together with reports of cures from Hundreds of the United States.

PEPSIN IN FLUID AND POWDER.

Houghton's Pepsin is prepared in Powder and in Fluid Form—and in Prescription vials for the use of Physicians. The Powder will be sent by Mail, free of Postage, for one Dollar, sent to Dr. Houghton, Philadelphia.

☞ OBSERVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines.—Price, ONE DOLLAR per bottle

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY, INCONTINANCE, OR NOCTURNAL EMISSIONS, &c. The astonishing success which has attended this invaluable medicine, for *Loss of Muscular Energy, Physical Lassitude*, and *General Prostration*, or any of the consequences of youthful indiscretion, or indulgence of the passion in later years, renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any that has authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested and its virtues proclaimed by the highest names of the faculty of London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country. It is the only infallible remedy for NERVOUS, DEBILITATED AND MIND COMPLAINTS—the mental physic so long sought for and never before found; the only agent that can administer to MIND DISEASES! It will remove all nervous affections, DEPRESSION EXCITEMENT, incapacity to study or business, lack of MEMORY CONFUSION, thoughts of Self Destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices. It has been said by some that these diseases, consumption, &c, were incurable. This however is not the fact.

DR. MORSE'S INVIGORATING CORDIAL has, and is now, completely curing these complaints relieving the mental and bodily infirmity of the unfortunate sufferer, as the following testimony of the names received will conclusively show:

Dr Wood said of the Massachusetts Immo Hospital, writes of one of his patients being cured by using the cordial, thus:—"I gave one pleasure to inform you that one of my patients, while in Boston, procured some of your Cordial; He tells me that he has not had a single emission since he commenced taking it, while before he had two or three in a week. When he applied to me, says Dr Wood, I thought it hardly possible for him ever to regain his full strength. I prescribed the usual medicine and the other cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever recommend whenever an opportunity occurs."

The nature of the sickness relieved by this Cordial are generally such as to leave the publication of certain cases of course out of the question, and the proprietor could produce a host of the most conclusive testimony to show to the great population it employs was not accidentally obtained, but is firmly based upon its positive and apparently marvellous curative powers. In all affections for which it is recommended it exerts a healthy influence, which would not have been in fact for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS

have not in a single instance that has been authenticated given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures, after patients had been abandoned, and great confusion pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION

Of those who have used this Extract is—"I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines for the same purpose, (different Sarsaparillas) without derriving any benefit. I had almost given up all hope of obtaining relief when I purchased some of your Cordial. I did so fully expecting it would be nothing—but it has. I feel stronger, have had no emissions since, although it is two three weeks. I am satisfied the Cordial does its duties. I took well cure me."

Another says—"I had consulted several distinguished physicians. None said I could not be cured, others prescribed their boasting and labels, but I found no relief until I procured some of your Cordial. I must say it completely cured me."

Another says—"I was surprised at the effect your Cordial had. Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering.

CAUTION—Some have tried Dr. Morse's Cordial and take no other, as they are worthless imitations which has unrivalled excellence fame and popularity, have brought into the market. It will not pull the most delicate Female, but do good. Beware of all other Cordials, &c, (and try only this.)

It is put up in pint bottles, with the words Dr. Morse's Vigorating Cordial, blown on the glass. Price $3 per bottle; 2 bottles $5, 6 bottles $12; and $24 per dozen.

N. B. Important advice accompanying each bottle.

Notice Persons conscious of physical inability from causes above named may confidentially consult D Morse, personally or by letter (post paid) at his office, 76 Washington street, Boston. The necessary advice and medicine for the speedy removal of such disability will be safely forwarded to the writer's address.

Dr M is prepared to warrant a perfect cure in every case as advertised to be.

Prepared by Dr. Morse, M. D., principal office, 102 Broadway, New York city and in Boston at the Dr's New England Office, 76 Washington street.

And sold in Bangor by D. BUGBEE, No. 5 Kenduskeag Bridge, in Portland by Edward Mason, Middle Street.

HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, St. Mary's Street, Weymouth, dated May 15th, 1851.

To Professor Holloway.

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely; and the state of her legs was terrible. I had often read your advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and strange to relate, is now in good health. Her legs are painless, without scam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. Wm. Abbs, Builder of Gas Works, of Ruskcliffe, near Huddersfield, dated May 31 1851.

To Professor Holloway,

SIR,—I suffered for a period of thirty years from a bad leg; the result of two or three different accidents at Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had put witnessed it would credit the fact. (Signed) WILLIAM ABBS

The truth of this statement can be verified by Mr W. P. England, Chemist, 13, Market street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a letter from Mr. Frederick Turner, of Pontsbury, Kent, dated December 13th, 1850.

To Professor Holloway.

DEAR SIR,—My wife had suffered from bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no one. Having before healed an awful wound in my own leg by your unrivalled medicine I determined again to use your Pills and Ointment and therefore gave them a trial in her case, and fortunately it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends

(Signed) FREDERICK TURNER.

The Pills should be used conjointly with the Ointment in most of the following cases.

Bad Legs	Corns (Soft)		Scalds
Bad Breasts	Cancers		Sore Nipples
Burns	Contracted and Stiff Joints		Sore throats
Bunions			Skin-diseases
Bite of Moschetoes and Sand Flies	Elephantiasis		Scurvy
	Fistulas Gout		Sore-head

Self Acquired Fame!

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine, notwithstanding it has never had the advantage of newspaper publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world. It is entirely a vegetable extract perfectly safe to be administered even to the most delicate child, and alike astonishing and satisfactory in its effects upon man or beast. To those acquainted with this invaluable medicine we say, Give it a fair trial, and we promise you a radical cure of Coughs, Colds, Asthma, Bronchitis, Whooping Cough, Influenza, Spitting of Blood, and all Lung Complaints, Chronic Diarrhea, and Dysentery in all of which cases it should be used internally. The effects of its external application in cases of Rheumatism, Spinal Diseases Sprains, Chapped Hands, Bruises, Burns, and all descriptions of wounds, are magical. Persons troubled with Cramp in the Stomach, Sore, or Bowels, Sore Throat, Piles, &c, by a combined internal and external application of this Anodyne, cannot fail of certain and speedy cure. The proprietor can produce volumes of testimonials in its favor, but prefers to let it carry its own recommendations, as it has done for forty years past. We ask no man to use it after an unsatisfactory trial. In its composition it unites several of the most penetrating and healing specifics known to the materia medica.—The inventor of this article was in the constant and successful practice of medicine for more than twenty years.

This is to certify that having been troubled for a number of years with a distressing cough, and bleeding at the lungs, and receiving no benefit from medical aid, in 1845 I was to all appearance in the last stage of consumption. My lungs swelled so that I was unable to stand or help myself. At that time your Liniment was providentially recommended to me, and by the use of three or four bottles the outward cured, and I have since been able to labor every day. I have now for the last twenty years been free from severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint. I confidently say Johnson's Anodyne Liniment was the means of saving my life. JOHN T. ATKINS

Hoosick, Sept. 29, 1852.

Mr Johnson: Dear Sir—In consequence of having a fever sore on my leg, it became entirely stiff at the knee and it was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment, and by using three bottles, my leg was limbered and straightened, and for a number of years I have been able to use it about as well as the other. I consider, myself, indebted to the use of your Liniment, through the blessing of Providence, for the use of my leg, and would say to others who may need help in this way, try it, and no doubt you will be cured.
